Welcome Back

### Buildings Update

As many of you will know, work on the new part of the school was supposed to have started in January.

Most of the new building work is to be in the location of the existing school playground

However, before building work can start in this area the contractors have to complete a new temporary playground area at the back of the school.

This work was due to take place over Christmas, unfortunately the contractors were unable to complete this.

As a result they will be working to complete this work in January and then the main work immediately after.

**While this work is being completed, entrance to the school at the beginning and end of the day will be at the single gate about twenty meters to the left of the double gates that are presently used.**

At the end of January we will revert to the plan sent out to parents at the end of December where children will access the building through the front of the school.
