## Thought of the week

“One small positive thought in the morning can change your whole day.”

## Science Day

This week pupils at Roman Road Primary School took part in science days. The children had an opportunity to engage in a variety of activities including biology, chemistry and physics. They also were able to study about a famous scientist and found out about their inventions. The activities included:

making lava lamps, rockets, static electricity, medicines, snow, slimes, bouncy balls, expanding polymer balls, double helices, a powerful catapult using forces to splatter balloons with paints inside and learning about Chromatography.
