

# Student guide on how Google Classroom works

**Step 1:** This is your noticeboard page called **Stream**. Here you will see all updates, notifications of homework and anything else your Teacher posts

**Step 2:** All set homework will appear under **Classwork** tab. To view the homework simply click on it

**Step 3: when you click on a piece of homework you will see more details as shown below. From here you need to click on **View assignment****

ICT

Write a code for your BeeBot Due 16 Apr

Posted 11:17 Assigned

Using the 3 commands of Forward (F), Turn Right (TR), Turn Left (TL)

Write your down your instructions for your Beeboot for it to carry out the Algorithm

Google Docs

View assignment

**Step 4: you will find under **your work**, there is a file added. You simply click on this file to do your homework**

Your work Assigned

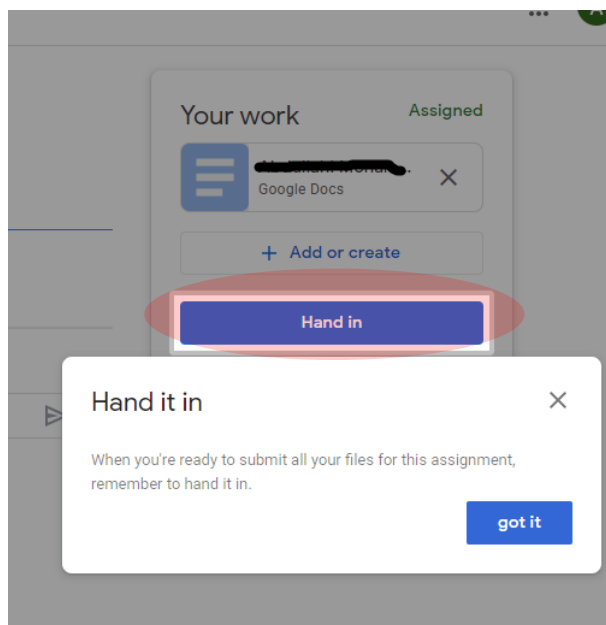

Google Docs

**Note: Google docs saves your changes automatically, therefore you do not need to save any work you do.**

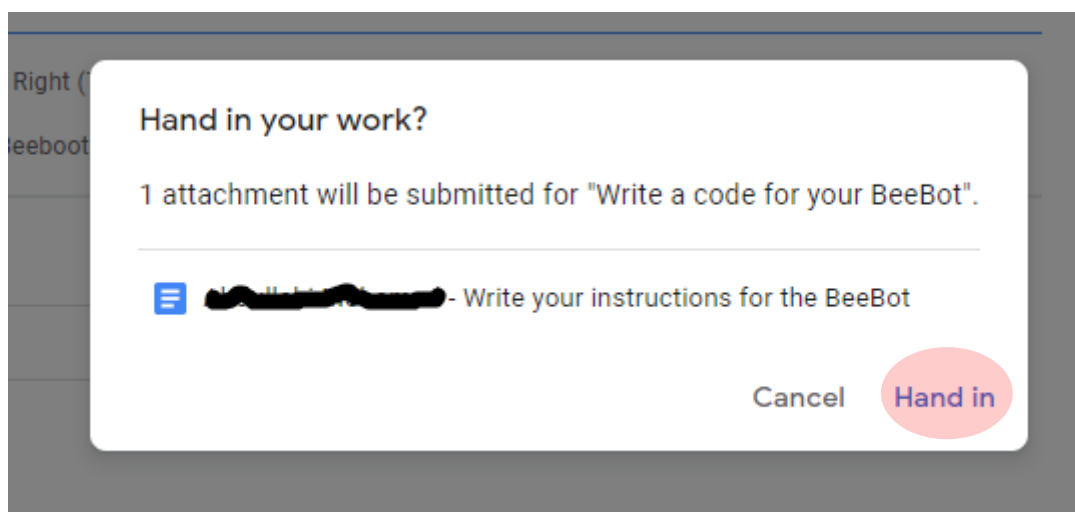

**Step 5: Once you have finished your home, you need to hand it in. There are 2 ways of doing this. You can do it from your document page shown below by clicking on **TURN IN****

**Step 5a: Or you can click on the **Hand in** button which you can find underneath **your work** section as shown below**

**Step 6: It will ask you to confirm that you are handing in your work. You need to click on **Hand in****

**Step 7: You can also unsubmit the work if you handed it in but wanted to make some changes to your homework and so on.**

**You need to click on **Unsubmit****
